North Pole Post Office Gingerbread House Template: page 1 of 4

10 baked pieces over 4 pages. Check the red bar on every page first.

What is on each page

Page 2 Gable front (arched door, 2 windows, sign band) and gable back (sorting window): 3.6 in wide, 3.41 in to the peak

Page 3 Side walls, cut 2: 5.1 x 2.05 in, three windows each

Page 4 Roof panels, cut 2: 2.55 x 6 in

Page 1 Stoop, the door trim line, and the mailbox: 2 arch-top layers on legs

Finished post office

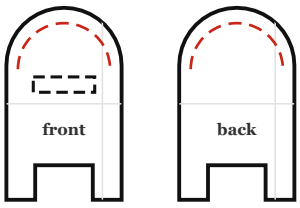
About 5 5/8 in deep, 3 5/8 in wide at the gables, about 3 3/4 in tall with the roof on.

The two side walls sit between the gables, so the gables are the full width.

About 73 square inches of dough: one batch, rolled 1/4 inch thick, with room to spare.

Use a board at least 10 x 8 in so the stoop, path, sled and mailbox fit.

Door: cut it out of the front gable, bake the cutout beside the stoop, trim it to this line while warm, flood it white and glue it back into the opening.



Mailbox: glue the two layers face to face, slot layer in front. The four legs come from the two layers. Pipe a red cap over the rounded top after it dries.

1 inch test bar
measure it first

Solid line: cut. Dashed black shape: cut out before baking and leave open.

Red dashes: guide only, do not cut.

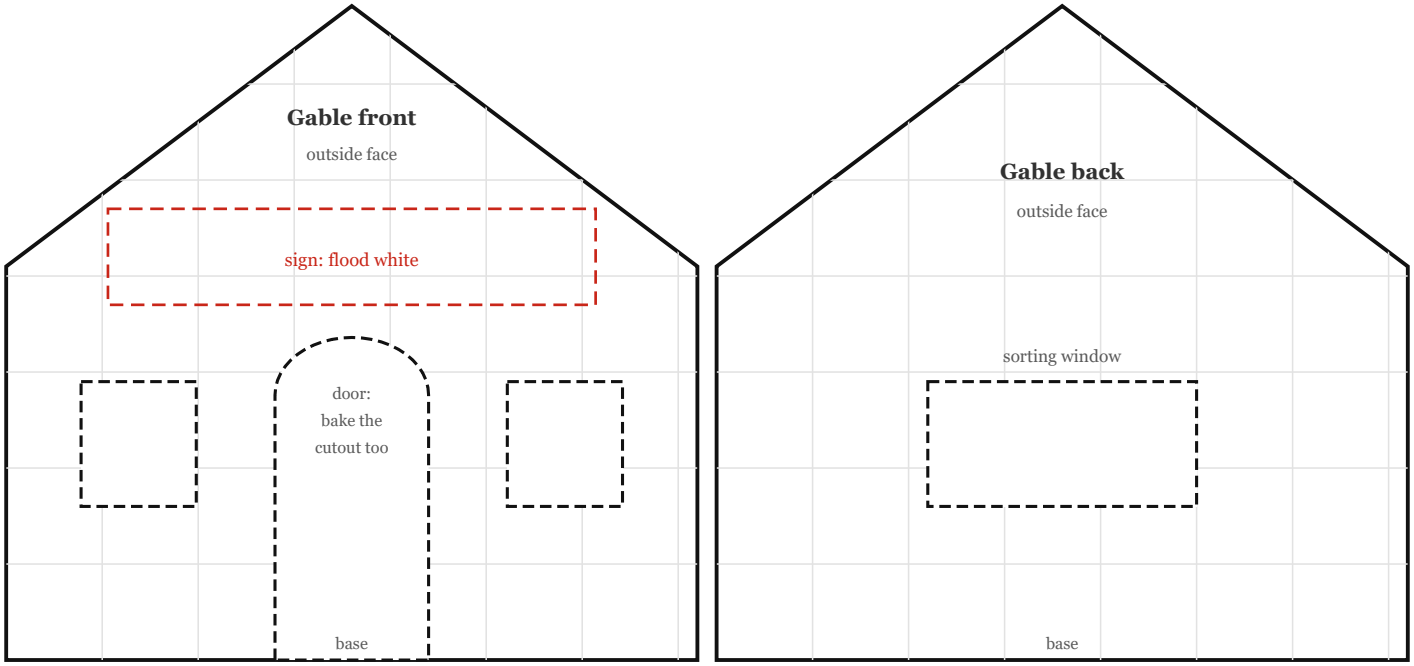
North Pole Post Office Gingerbread House Template: page 2 of 4

Gable front and gable back. Cut the dashed openings out before baking.



1 inch test bar
measure it first

Cut on the parchment and slide the paper onto the pan. The arched door runs to the bottom edge, so keep the wall flat until it bakes hard.

The sign band sits across the shoulder line, half on the wall, half in the gable.

Solid line: cut. Dashed black shape: cut out before baking and leave open.

Red dashes: guide only, do not cut.

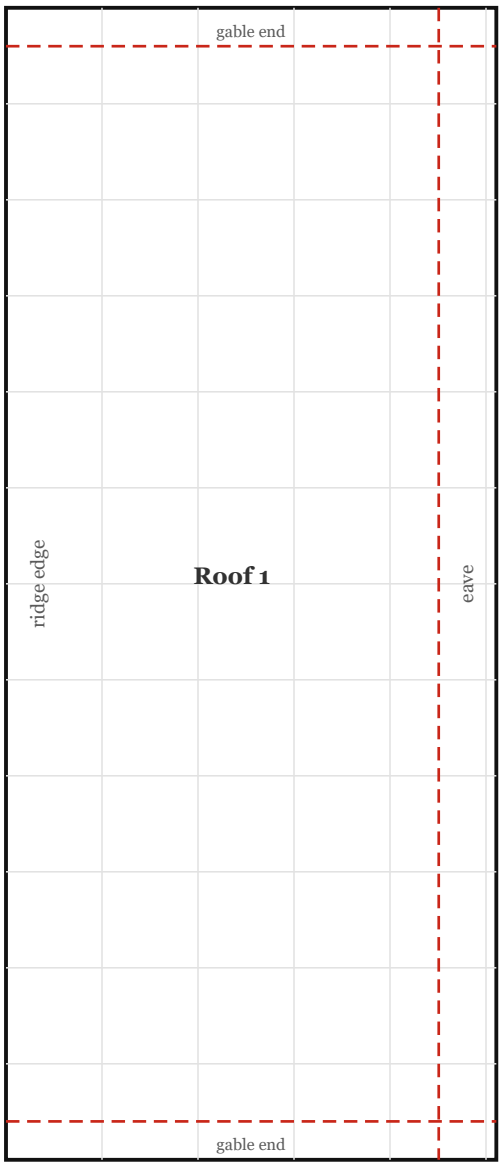
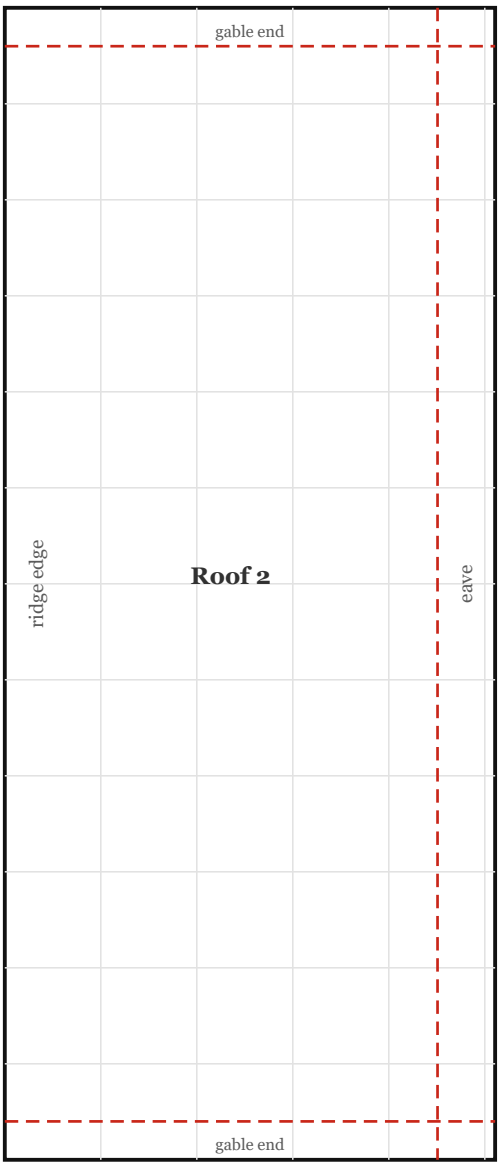
North Pole Post Office Gingerbread House Template: page 4 of 4

Roof panels, cut 2. They run the full depth and hang past both gables.





1 inch test bar
measure it first

Red dashes show where the walls and gables sit. Past them is overhang.

Pipe white scallop loops along the gable ends.

Solid line: cut. Dashed black shape: cut out before baking and leave open.

Red dashes: guide only, do not cut.
