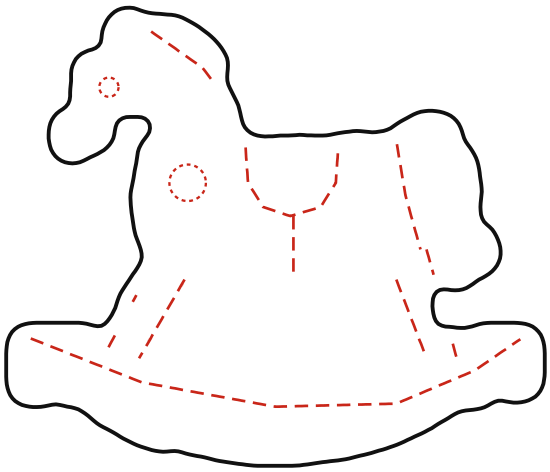
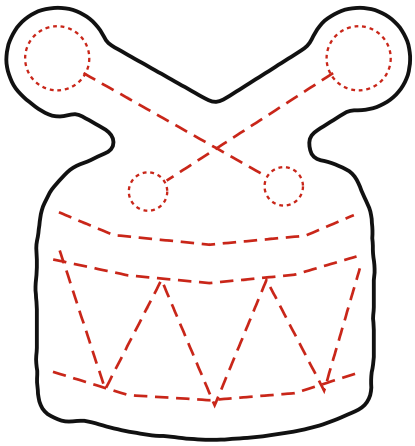
Christmas Toy Cookie Template: 7 Toys

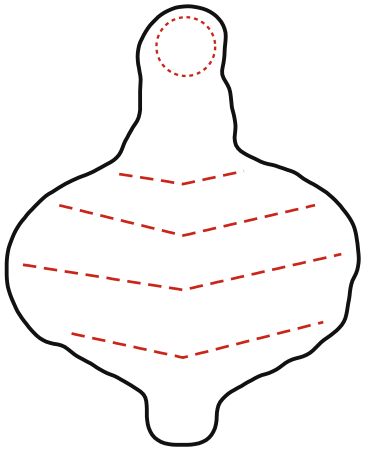
Print at Actual Size or 100 percent and measure the red bar: it must be exactly 1 inch. Cut on the solid lines.



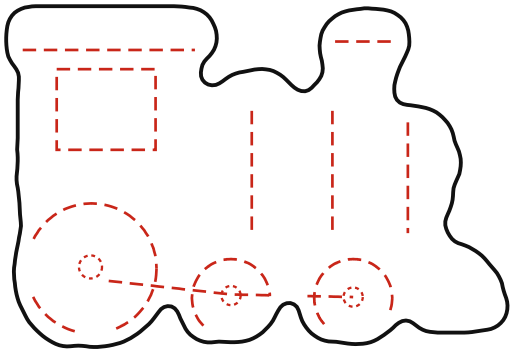
Rocking horse



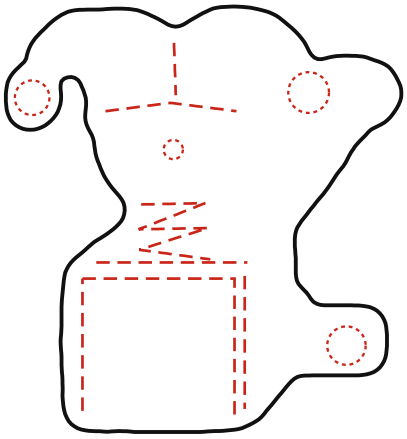
Toy drum



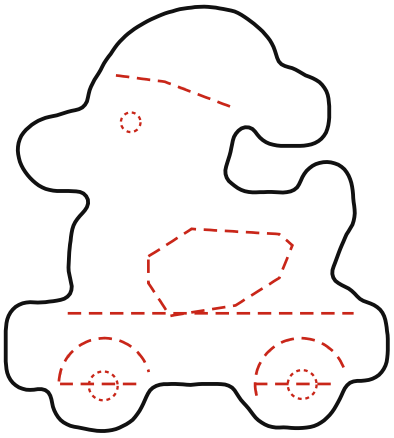
Spinning top



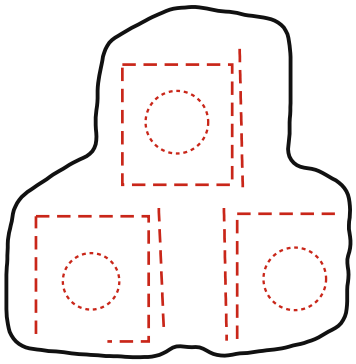
Toy train engine



Jack-in-the-box



Pull-along duck



Stack of toy blocks

Guide key

- Red dashes are icing guides, never cut lines
- Dotted circles: hubs, knobs, bells, eyes, pictures
- Train: window, roof, bands, wheels, side rod
- Rocking horse: saddle, mane, tail, legs, rocker
- Drum: drumhead, two rims, cord and the sticks
- Jack: box panel and edge, spring, hat band
- Top: four stripes. Duck: wing, brim, plank, wheels
- Blocks: a square panel and edge on each block

1 inch test bar

Roll the dough 1/4 inch thick. Cut the inside curves first: under the rocker, between the wheels, the drum V. Rocker ends, drumsticks, the crank and the top stem are widened to about 0.4 inch. Freeze before baking.
