Bluey Gingerbread House Template

Print at Actual Size or 100%, never Fit to Page. Pieces are for dough rolled 1/4 inch thick. Grey grid = 1/2 inch guide. bestgingerbreadhouses.com

back edge: the back wall sits flush here

How it stacks

Brick piers and arched battens stand on the board. The floor plate sits on them. The house, the bay and the verandah sit on the plate.

Press the guide lines in with a toothpick before baking.
