## Guide key

- Red dashes: icing guides, never cut
- Dotted circles: the kawaii cane eyes
- Slanted dashes across the canes: where each stripe starts
- Spiral on the swirl cane: the peppermint swirl line
- Ovals and two tails where the pair crosses: the bow loops, knot and tails
- Small ovals and the curve on the chubby cane: cheeks and smile

1 inch test bar

Roll the dough 1/4 inch thick. Cut with a small sharp knife held straight up, and cut inside the hook last.
