Fried Egg Cookie Template: 4 Shapes

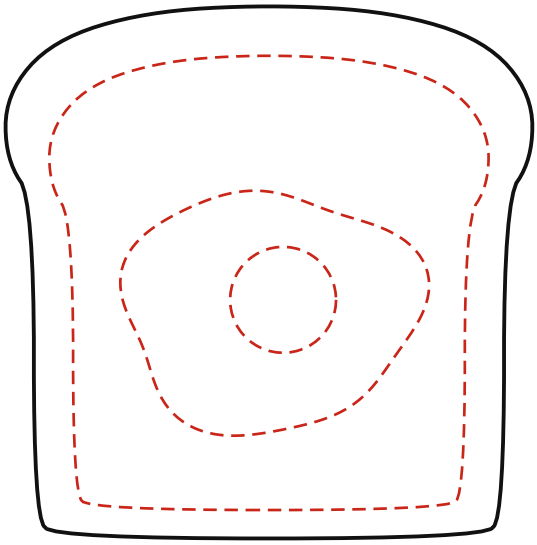

Print at Actual Size or 100 percent and measure the red bar: it must be exactly 1 inch. Cut on the solid black lines.

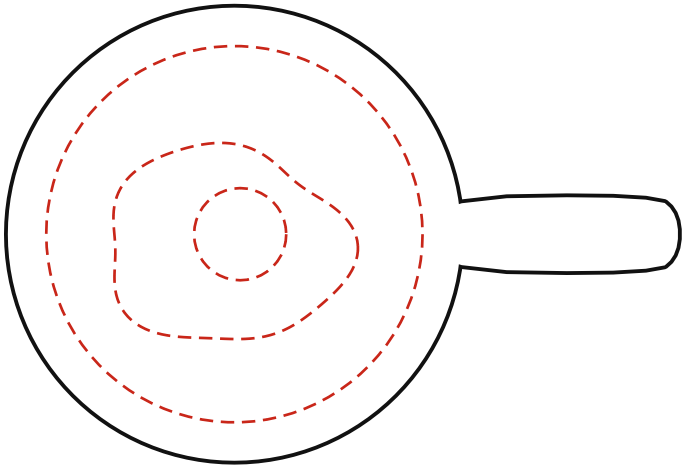

Fried egg, 2 7/8 in wide

Bacon and egg, 2 3/4 in wide

Egg on toast, 2 3/4 in tall

Egg in a skillet, 3 1/2 in long

Guide key

- Red dashes: icing guides, never cut
- Grey dash-dot heart: the heart yolk, used instead of the round yolk
- Dotted circles: the two yolks of the double yolk egg
- Round line on each egg: the yolk
- Bacon: the wavy fat stripe and the strip edges where the bacon lies across the egg
- Toast and skillet: the crust line and the pan rim, then the egg and yolk

1 inch test bar

Roll the dough 1/4 inch thick. Cut with a small sharp knife held straight up, and cut the wobbly egg edge slowly.
